Valenta raised bed – Elegant, versatile and robust!

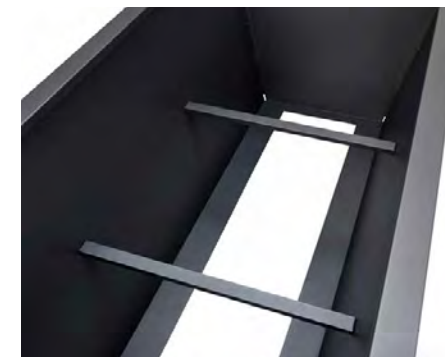

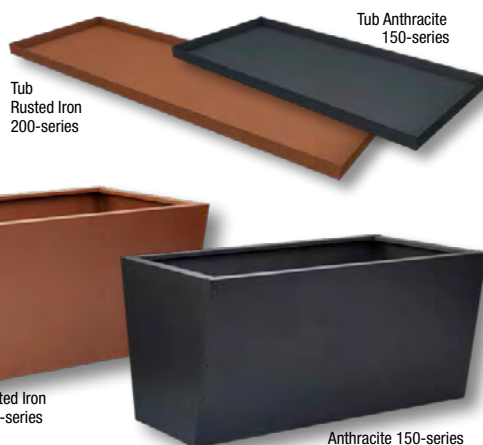

Raised beds offer many advantages for flexible gardening that won't strain your back. The Valenta raised bed from Gutta Werke not only provides practical benefits, it also visually enhances any garden.

The dynamic V-shape makes the work easier and also adds a special elegance to the entire raised bed.

All colors are available in two sizes: **Valenta 200 (LxWxH 200 x 90 x 80 cm)** and **Valenta 150 (LxWxH 150 x 90 x 80 cm)**. Valenta raised beds also have a practical edge for storage – 6 cm wide around the entire rim. Just set down your gloves or tools or decorate the raised bed all around – it's all possible.

The available colors provide even more visual highlights, all in a corrosion-free, stable and durable aluminum design: powder-coated aluminum in either Rust Matt, Rusted Iron or Anthracite.

Cross braces provide additional stability
200-series = 2 cross braces / 150-series = 1 cross brace

Screw heads painted in the color of the raised bed color
Stainless steel screws and nuts

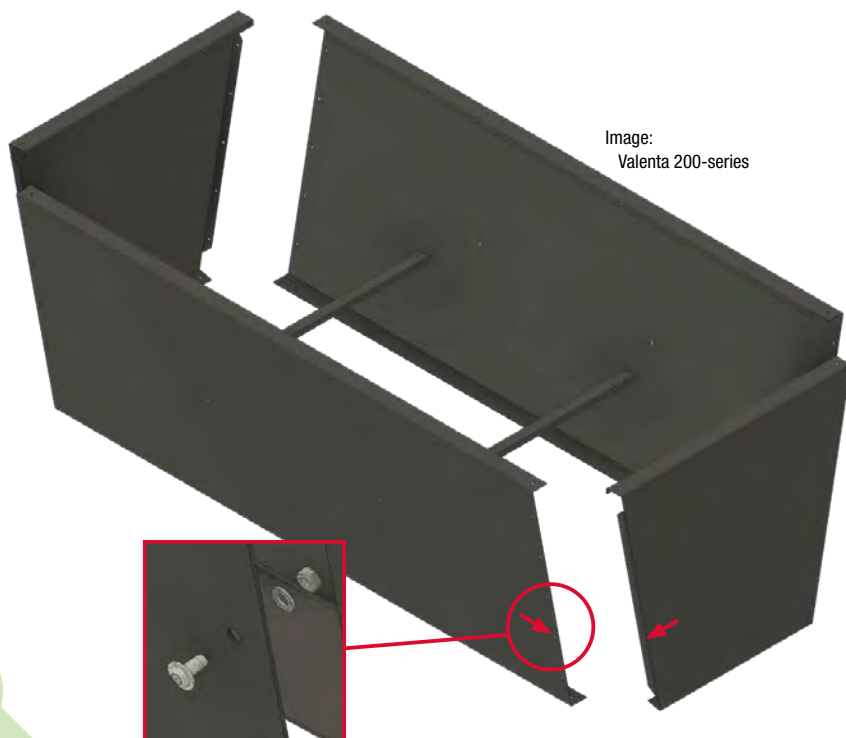

Your benefits

- ✓ **Lightweight and stable aluminum construction**
- ✓ **Variety as desired:
2 sizes available in 3 colors**
- ✓ **All models in powder-coated aluminum**
- ✓ **Fast and easy assembly in only 30 minutes**
